

BENBURB FOOTBALL CLUB

NEW TINTO PARK

CRAIGTON ROAD

GLASGOW

Disabled Supporters Policy Rev 0

Benburb Football Club have a Club policy in relation to accommodating, as far as is reasonably possible, the needs of disabled supporters in recognition of the Club's obligations under the *Equality Act 2010* to tackle the issue of physical features that act as a barrier to disabled people who want to access the "New Tinto Park".

In this respect, please note the following:

- Benburb Football Club has adequate facilities for disabled people. The Wheelchair Access Area (Fig 1. highlighted in red) is next to the club house "New Tinto Park", There is flat surface all the way around the pitch, we are currently in the process of constructing a sheltered area. this will provide approx. four spaces for the sole use of Wheelchair Users and their carers.
- There is a designated entrance and exit with a wide gate to give easy access to persons in their wheelchairs. This gate is permanently manned throughout the game by a designated steward. There are disabled toilets for both male and female supporters at the ground. The Club employs both male and female stewards solely for assisting Wheelchair Users and their carers.
- The Wheelchair Access Area is primarily reserved for disabled supporters who are wheelchair users. If a disabled person, who is not a wheelchair user, is unable to gain access to the seating area in the main stand or other suitable viewing area, the Club will consider a specific request to allow that disabled person access to the disabled enclosure provided an arrangement is made with Benburb Football Club Disability Officer no later than 24 hours in advance of the match to be viewed.
- Benburb Football Club has two designated disabled car parking spaces available for disabled spectators. These are available on a first come first served basis.
